How do I register my child(ren) for the 2010 –2011 session?

STEP 1:

Please visit the Masjid or Sunday School offices to obtain an application form. In the interests of expediting your application please have a form and details of payment clearly filled out by pre-registration day.

If your child is currently enrolled at the ICLI School for **this** session 2009-2010, please ensure that you indicate this in the assigned box on the form. Failure to do so may delay your child's application.

STEP 2:

Applications will be accepted at the Sunday School Office between the hours of 10.00am – 12.00pm on the dates stated above. Please note that the first two dates are for ICLI members only. If you wish to become a member of The Islamic Center of Long Island the main office will be happy to help you.

Kind Reminder

Seats cannot be reserved and/or held without payment. Seats will be filled on a first come first served basis. Once a class is full please do not insist on a seat being assigned to your child as refusal often offends. We strive to provide the best quality of Islamic Education to your children. Studies show that extended class sizes may hinder the quality of education your child receives. Application forms **cannot** be dropped off in the main office. Applications will be taken in the Sunday School office in person only.
